THE "BLACK DIAMOND'S" ESCAPE.
Naval Officers Laughing at the Rush's
One Man Prize Crew.

WASHINGTON, Aug. 6.—Instead of an
outburst of popular indignation over the
action of the skipper of the Black Dia-
mond in recapturing his ship from the
American prize crew of one man, the ut-
most amusement was created in all the
departments at Washington by the report.

The State department officials were ab-
solutely non-committal. They had received
no official information of the matter and
therefore would not express any opinion.

The revenue marine service, to which the
Rush belongs, is under the control of the
Treasury department, and the department
people find themselves with a new problem
on hand and were not prepared to render
judgment.

At the Navy department officers and
officials did not begin to express them-
selves freely on the subject taken by the
Rush's commander. They said that he
could not excuse himself for placing one
man in charge of the captured vessel, and
that the British had showed the right
brought the whole controversy to a point
where a decision must be rendered at once.

The United States may claim the owner-
ship of the Black Diamond and may bring
charges of kidnapping and piracy
against her commander, but this would
open up the whole question as to the right
of the United States to assume exclusive
control over Behring sea, and would
perhaps lead to the settlement of the
trouble.

Nobody here believes that the United
States can again take the Black Diamond
peacefully. She will have to be re-
turned red handed in order that this country
may maintain a case against her, and if
negotiations for the settlement of the
various disputes between Canada and the
United States are not speedily entered
into it will be necessary for this govern-
ment to enter into proceedings against some
international treaty providing the right of
demand from the authorities of the British
Columbia the restoration of the vessel to
the custody of the United States.

SIGNED BY THE SIOUX
Chiefs Gail and Grass Affix Their Names
to the Treaty on the Reservation.

STANFORD ROCK AGENCY, Dak. Aug. 6.—
Contrary to expectations, Chief Gail and
his followers signed in a body today, and
at last the requisite number of signatures
for the opening of the great Sioux reserva-
tion to settlement have been secured.

Chiefs Gail and Grass held a conference
and notified their followers that they
might better sign and get pay for their
land than to go to the reservation and
for nothing. When Chief Gail touched
the pen a shout went up from 6,300 In-
dians at the agency, Sitting Bull and his
band of Uncapapais alone remaining silent.

The commissioners will probably return to
Bismarck to-morrow, and return to the
East as soon as possible to prepare their
report. Already hundreds of boomers
have encamped on the edge of the
reservation waiting for the word to cross
the line and stake claims, and telegrams
are being received from all parts of the
country that reinforcements are coming.

The rush will be the first that has
Oklahoma, as the reservation is a variable
promised land and the garden spot of the
West. The successful work of the commis-
sioners is largely due to the personal influ-
ence of Gen. Crook with the Indians, and is
the greatest triumph of the kind ever achieved.

Assessments in Iowa.
DES MOINES, Iowa, Aug. 6.—The State
board has practically finished its assess-
ment of the State. The report, with Pop-
lar and Woodbury counties incomplete, shows
33,000,000 acres of farm and timber lands,
with town lots, is valued by the
assessors at \$327,000,000. The tentative
was raised in nearly half the counties.
Personal property is valued at \$148,000,
000 and railway property at \$500,000,000.
Tree exemptions amount to \$8,000,000.

The estimated yield of the Illinois wheat
crop is placed by 31,000,000 bushels by
the State board of agriculture.

Shakes, Broiled and Drenched.
These are three parties of English
grammar. They are also three suc-
cessive conditions undergone every day,

our own soil, but in tropical and equatorial
lands where the scourge is prevalent
at all seasons and in its worst forms.
Biliousness, dyspepsia, rheumatism,
kidney complaint, nervousness and de-
bility are also ailments to the complete
removal of which the Bitters long since
demonstrated its adequacy.

STATEHOOD CONVENTIONS.
A Scene in the Bismarck Body—Work
Completed at St. Paul.

BISMARCK, D. T., Aug. 6.—The North
Dakota convention adopted the proposition
giving the Legislature power to fix rail-
road rates and to regulate the charges of
most sleeping cars, express, telephone and
graph companies. The United States
Senate committee on irrigation addressed
the convention Monday. Senators Stewart
and Reagan and Maj. Powell spoke.

Senators Reagan and Stewart, speaking
on the silver question, inadvertently re-
ferred to the war debt. Delegate Johnson
arose at the close of Reagan's speech and
said that if it read history the right the
Senator from Texas was in Jeff Davis'
cabinet when the war debt was being
made.

At this point Delegate
arose to inquire whether or not
Senator Johnson intended to insult
Senator Reagan. Immediately following
this query Delegate Matthews of Grand
Fork moved to adjourn, which motion
prevailed by a unanimous vote, and the
convention adjourned while Johnson was
still on his feet.

SIOUX FALLS, D. T., Aug. 6.—The last
session of the South Dakota convention
was held Monday. The ac-
counts were audited, and seventy-two of
the seventy-five members signed the con-
stitution. The delegates were given a re-
ception and banquet at night.

HELENA, M. T., Aug. 6.—The constitu-
tional convention adopted the proposition
to allow cities to incur debt for water sup-
plies. Another attempt was made to de-
feat senatorial representation by counties,
but the effort was soon abandoned.

OLYMPIA, W. T., Aug. 6.—The consti-
tutional convention sent a message of con-
dolence to the people of Spokane. The
convention adopted an article codifying
jurisdiction to the United States for all
military and naval reservations, and the
interior of the State, and the manufacture
of intoxicants, which is to be submitted
to a vote of the people as a separate
proposition. Section 21 of the article on
corruption establishing a railroad com-
mission, was defeated, although power was
given the Legislature to create one if de-
sired. Monopolies and trusts are defined
and strongly forbidden. The committee
reported that the proposed amendments
to the constitution shall be adopted when
passed by a two-thirds vote of the Legisla-
ture and ratified by a majority vote of the
people. The revenue committee's re-
solutions limit State taxation to 3 mills
on the dollar. The amount of a mortgage
on property is to be taken from its
assessed value. The Legislative committee
reported that the Legislature has not
less than sixty-three nor more than
ninety-nine members and the Senate from
one-half to two-thirds that number. Aliens
are forbidden to hold property but mines,
and corporations the majority of whose
stock is held by aliens come under the same
proscription. Convict labor, except on
public works, is forbidden after January,
1890.

MURDER AT A PICNIC.
An Insult Leads to Death—The Slayer
Almost Killed.

CHICAGO, Aug. 6.—A desperate shooting
affray resulting in the murder of one man
and fatal wounding of another, occurred
at a picnic at Island park, near
Mokena, yesterday. Col. Duncan, a
janitor in the Insurance Exchange build-
ing, was boat-riding with his wife when Ed
Bennett, a colored tough, made an insult-
ing remark to the woman. Duncan rowed
to shore, jumped out of the boat, and
drawing a revolver shot Bennett once
through the chest, killing him instantly.

Officer Rusk attempted to arrest Duncan,
when the latter fired a shot him, the ball
going through his clothes. Rusk threw
Duncan to the ground and was about to
put the handcuffs on him when a number
of Bennett's friends rushed up and fired
fully half a dozen shots into Duncan's
back, he being hit viciously with four
razors. Duncan can not live.

are made expressly for sleepless, nerv-
